## **Requirements Manager System Test Plan**

**Document Author(s): Jeff Powell** 

Date: 10/18/22

## Introduction

Provide a brief overview of your system test plan. Describe how you would start your application.

Program is ran inside eclipse. Right click the RequirementsManagerGUI class and run as java application

Test ID	Descrip	tion	Expected Results	Actual Results
1	Preconditions: GUI Running		GUI window opens with no	GUI window successfully
testOpen		· ·	current project selected or	opens with grayed out
GUI	1)	Right click	any stories shown.	buttons.
		RequirementsManagerGUI class in		
		eclipse and click run as java		
		application.		
2	Precond	litions: GUI Running	"My fun project" should be	My fun project is the
testCreat			selected in the top pane	currently selected project.
eProject	1)	Click button that says file in the top	and buttons around that	Buttons become clickable
		left of GUI and then click new from	area should no longer be	rather than being grayed
		the drop down menu.	grayed out.	out.
	2)	Enter project title "My Fun Project"		
		and click submit		
3	Preconditions: GUI Running		WolfScheduler project	WolfScheduler successfully
testLoadP			should be selected with six	appears with 6 stories.
rojectsFro	1)	Click button that says file in the top	stories. Clicking the drop	PackScheduler is selectable
mFile		left of the GUI and then click load	down menu in the top	in the top and shows one
		from the drop down menu	should also show a project	story after the update
	2)	Load test-files/project2.txt	named PackScheduler	project button is clicked.
			which should contain a	
			single story.	
4	Preconditions: GUI Running, T3		Story with an index of 1 is	Load Catalog story is
testDelet			now at the top of the list	removed, now the first story
eUserStor	1)	Select the first listed project (index	and every other story	present is Select Course
У		0) and click the delete button.	remains in the same order	(index 1).
			as before.	
5	Precond	litions: GUI Running, T2	Story should be added.	Story is added in the
testAddSt			Index is zero, state is	submitted state with index
ory	1)	Click add user story button. Enter	Submitted, title is title, and	of zero. Title is "title" and
		the following:	developer is empty.	developer field is empty.
		Title: title		
		As a: user		
		I want to: action		
	21	so I can: value		
6	Click the add story button     Preconditions: GUI Running, T2, T5		Storios stato is undated to	Story is placed into the
testStoryS	Precond	indons: GOI Kunning, 12, 15	Stories state is updated to	backlog state with a priority
ubmitted	1)	Soloct story and click the edit user	Backlog. Clicking edit story again reveals the priority is	of Medium.
	1)	Select story and click the edit user		or wedium.
ToBacklog		story button.	Medium.	

2) Use the first drop down menu to select a priority of Medium, and click Accept.  Preconditions: GUI Running, T2, T5, T6  1) Select story and click the edit user story button 2) Enter a developer ID of jrpowel9 and click assign  8 testStory button 3) Select story and click the edit user story button 4) Select story and click the edit user story button 5) Preconditions: GUI Running, T2, T5, T6, T7, T8, T9  1) Select story and click the edit user story button 9 testStory Submitted 1) Select story and click the edit user story button 1) Select story and click the edit user story button 2) Click the review button 1) Select story and click the edit user story button 2) Click the confirm button 10 preconditions: GUI Running, T2, T5, T6, T7, T8, T9  T8, T9  Select story and click the edit user story button 2) Click the confirm button 10 preconditions: GUI Running, T2, T5, T6, T7, T8, T9  T8, T9  T8, T9  T8, T9, T10  Preconditions: GUI Running, T2, T5, T6, T7, T8, T9, T10  T8, T9, T10  Preconditions: GUI Running, T2, T5, T6, T7, T8, T9, T10  T8, T9, T10  Preconditions: GUI Running, T2, T5, T6, T7, T8, T9, T10  T8, T9, T10  Preconditions: GUI Running, T2, T5, T6, T7, T8, T9, T10  T8, T9, T10  T8, T9, T10  T10  Preconditions: GUI Running, T2, T5, T6, T7, T8, T9, T10  T8, T9, T10, T11  T8, T9, T10, T11  T8, T9, T10  T8, T9, T10, T11  T8, T9, T10  T8, T9, T10, T11  T8, T9, T10				_	_
